UPDATE – NOM PRICE LIST

Mexico, D.F., May 26, 2009 – UL de México, S.A. de C.V., as a Mexican product certification organization, duly accredited in several Mexican Official Standards (NOM) and Mexican Standards (NMX), and committed to public safety by providing manufacturer the highest quality service. In light of the global economical downturn and its impact on the manufacturers, UL de México agreed to adjust the prices related to the certification program. The adjustment applies only to NOM certification services related to the following standard:

NOM-003-SCFI-2000 “Electrical Products – Safety specifications”, section 2 – household appliances (NMX-J-521/1-ANCE) and section 3 – Hand-held motor-operated electric tools (NMX-J-524/1-ANCE).

The new set of prices will be effective beginning June 15th, 2009.

NOM Certification Services Price List can be found in the following link:

<http://www.ul.com/global/eng/pages/corporate/certifications/nommarkpcoportal/nompcoservices/index.jsp> or through UL de México’s Customer Services department.

If you need more information, please contact your UL local representative.

We appreciate your commitment to public safety as well as in choosing us a your preferred service provider.
